

ASKS AMERICA  
TO INTERVENETurkish Ambassador Calls at  
State Department.

PROTESTS AGAINST CRUELITIES

Voy Acts on Cabled Instructions  
From His Government and Lays  
Facts Regarding Italian Barbarities  
Before Acting Secretary of State  
Adee—Some Declaration From Amer-  
ican Government Expected Soon.Washington, Nov. 6.—The so called  
Italian barbarities in Tripoli finally  
have been brought officially to the at-  
tention of the American government  
such form that some declaration of  
the position of the state department  
on the matter now is expected. The  
object was broached first in the  
course of a verbal statement by the  
Turkish ambassador to Acting Secre-  
tary Adee and later in the shape of a  
letter.In each case the ambassador, who  
served, he was acting by express  
instructions from his government,  
described in detail the facts at-  
tributed to the Italian troops and pro-  
tested in the name of humanity  
against the alleged barbarities inflicted  
upon helpless women and children  
and noncombatants by the infuriated  
Italian soldiery.By order of his government the am-  
bassador appealed to the United States  
to exert itself to put a stop to prac-  
tices that, he declared, were in plain  
violation of the rules of warfare and  
contravention of The Hague con-  
vention to which the United States  
and Italy are parties. Acting Secre-  
tary Adee promised to submit the pro-  
test to Secretary Knox, who at pres-  
ent is absent from Washington.

Basis of Ambassador's Note.

The ambassador's note was based  
on a cablegram from the Turkish  
minister for foreign affairs, of which  
the following is a copy:"Your excellency has heard the  
laws, unfortunately confirmed, of  
wholesale executions of a great num-  
ber of inhabitants of Tripoli, perpetr-  
ated daily by the Italian military au-  
thorities."The right of all abled-bodied citizens  
to fight for the supreme defense of  
his invaded home is undeniable. It  
infringes on the said citizens the char-  
ter of belligerents and obliges the  
enemy to respect the lives of those  
amongst them who fall into their  
hands. But the Italians are violating  
not only the sacred principle of mod-  
ern law of nations, but also the most  
elementary rules of civilization and  
humanity in shooting down the  
ages who have properly enlisted and  
on the innocent women and child-  
ren, on mere suspicion—not to men-  
tion those deported by thousands."These acts are moreover contrary  
to the engagements by Italy herself  
the second conference of The Hague  
the convention relating to the laws  
and customs of war, which places the  
population and the belligerents under  
the safeguard and under the protec-  
tion of the laws of humanity and the  
agencies of the public conscience.

Urges Energetic Protest.

"I therefore beg you to protest in  
the most energetic manner to the gov-  
ernment to which you are accredited  
for such crimes against humanity  
committed by the Italians, the sad  
spectacle of which offers a striking  
contrast with the efforts, crowned  
with success, and admitted by the Ital-  
ians themselves, that our authorities  
in Tripoli and Benghazi have not ceased  
display in order to safeguard the  
lives and property of the Italians as  
well as other Europeans and that un-  
der the very fire of the enemy and in  
the midst of a justly indignant and  
exalted population."Please read the present dispatch  
the minister of foreign affairs, leav-  
ing at the same time a copy of same."  
Supplementing this cable came an-  
other from the Turkish foreign office,  
which was also transmitted to the  
state department. This is regarded as  
of great importance because it formal-  
ly demands intervention by the United  
States. It reads:"The Italian atrocities in Tripoli, be-  
ing confirmed officially and to every  
warrior, I beg your excellency to re-  
iterate the representations prescribed  
by my pressing telegram to insist  
on the necessity of prompt and effi-  
cacious intervention, in order to put  
an end immediately to these inhuman  
proceedings."

Stump Puller Kills Man.

Bedford, Ia., Nov. 6.—While pulling  
stumps on his farm near here Marion  
Emmer, a well known, middle aged  
farmer, was almost instantly killed.  
His clevis broke, releasing the sweep,  
which hit Emmer with great force. He  
was hurled twenty feet against a log.  
His neck was broken.

Aged Husband Shoots Wife.

Atlantic, Ia., Nov. 6.—Mrs. J. F.  
Christofferson, seventy years old, was  
and at her home here with four bul-  
let wounds in her head from shots  
fired by her husband, also a septu-  
agenarian. The shooting followed a  
dispute over Mrs. Christofferson's re-  
sistance to sign a deed. The husband  
shot himself twice in the head, but is  
not in a serious condition. Mrs.  
Christofferson is not expected to live.CLAPP SPEAKS

dum.Cincinnati, Nov. 6.—Speaking be-  
fore an audience that filled the spa-  
cious Grand theater from orchestra to  
gallery and with the available stand-  
ing room occupied Senator Moses E.  
Clapp, the Republican progressive rep-  
resentative from Minnesota, delivered  
a stirring address on the recall, initia-  
tive and referendum in the interests  
of the election of the progressive can-  
didates to the constitutional conven-  
tion."I congratulate the state of Ohio,"  
he said, "on its political awakening  
and I would not be altogether candid  
with myself if I did not say that it  
will soon take the rank with such pro-  
gressive states as Wisconsin, Oregon  
and Minnesota. The question of the  
recall is one of the most important  
features embodied in this movement  
to unfetter the people and bring about  
a genuine form of representative gov-  
ernment."Referring to the recall of judges  
from the supreme bench Senator Clapp  
said:"Do not be afraid to let the recall  
apply, not only to the public road su-  
pervisor, but to the judiciary of this  
country, the most potent lawmaking  
and law enforcing body of the land.  
No honest judge need have any fears  
of the people. The people own this  
country, if they are not permitted to  
run it at times. A public officeholder  
has no property rights in that office.  
He is there to put into effect the will  
of the people. However exalted his  
official functions might be he is a  
common employee of the people."A large number of women were pres-  
ent and loudly cheered the speaker  
when he said he favored women suf-  
frage. The senator declared that if  
the American people's voting booth  
official functions might be he is a  
common employee of the people."

TAFT LEAVES HOT SPRINGS

President Going to Cincinnati to Cast  
His Vote.Hot Springs, Va., Nov. 6.—After a  
rest of three days here President Taft  
left for Cincinnati, accompanied by  
Mrs. Taft, Miss Helen Taft and Mrs.  
Thomas M. Laughlin of Pittsburgh. Sec-  
retary Lillies and Major Thomas L.  
Rhoades, the president's physician,  
will meet him in Cincinnati.Mr. Taft expects to appear before  
the election board in Cincinnati to  
qualify so that he can vote at the city  
and county election. On Tuesday he  
will address the American Societies  
for the Judicial Settlement of Interna-  
tional Disputes and will dine with the  
Commercial club.Leaving Cincinnati Tuesday night  
the president will begin a thousand-  
mile tour through Kentucky and Ten-  
nessee, during which he will make  
half a dozen speeches.

WOMAN IS CLOSELY GUARDED

Will Probably Recover From Effects  
of Arsenic Poisoning.Chicago, Nov. 6.—Mrs. Louise Ver-  
mylia, accused of the murder by poi-  
son of Policeman Arthur Platonette  
and under investigation in connection  
with the successive deaths of eight  
other persons, was pronounced to be  
probably recovering, after her attempt  
to end her own life by poison.Energetic methods to counteract the  
effects of arsenic which Mrs. Vermylia  
cunningly contrived to mingle with  
her food in the presence of her guards  
probably will be successful, according  
to her physicians. Since her attempt  
at suicide Mrs. Vermylia has not been  
out of sight of one or more guards  
and every object that she touches is  
first examined either by a detective or  
a trained nurse.

STATE ELECTIONS TUESDAY

Great Interest Manifested in Several  
Commonwealths.Washington, Nov. 6.—State elections  
will be held Tuesday in Massachu-  
setts, Maryland, Kentucky, Missis-  
sippi, New Jersey, Rhode Island and  
Virginia. Members are to be elected  
to fill vacancies in congress from  
Pennsylvania, New Jersey, Tennessee  
and Nebraska, which must choose one  
each, while there are two vacancies in  
Kansas to be filled. Philadelphia is  
to elect a mayor, George H. Earle, Jr.,  
the machine candidate being backed  
by Senator Penrose, while his oppo-  
nent, Rudolph Blankenburg, represents  
the reform element.GOVERNOR HAY.  
Has Plan to Settle Dispute  
With Great Northern Railroad.

HILL MAY USE STATE ROAD

Governor Hay of Washington to Set-  
tle Dispute.Tacoma, Wash., Nov. 6.—Governor  
Hay will recommend that the Great  
Northern railroad be allowed to use  
such portions of state road No. 10 as  
it needs for its new water grade line  
north from Wenatchee, on condition  
that the railroad construct a new road  
for the state to replace portions of the  
old road it uses and that construction  
be started within six months and be  
completed within two years.The state highway commission had  
demanded that the Great Northern  
pay an additional \$50,000. This the  
railroad refused. Governor Hay's plan  
will settle the dispute.THREE PERISH WHEN  
BRIDGE COLLAPSESBelief Prevails That Loss of Life  
May Be Heavier.Auburn, Cal., Nov. 6.—Three bodies  
have been recovered from the wreck-  
age of the Mountain Quarries com-  
pany's bridge across the American  
river, the east span of which collapsed.  
Five workmen were injured and, as  
there were thirty men on the bridge  
at the time of the disaster, it is be-  
lieved that still more casualties will  
be discovered.The victims of the accident were  
members of a gang of ten men work-  
ing under the superstructure at the  
water's edge building caissons.The concrete structure gave way on  
account of work having been rushed  
on the bridge to prepare it for the  
winter rains, the concrete not being  
firmly set. The river is swollen and  
the foremen had expressed fear that  
the concrete pillars would not with-  
stand the strain.

BUREAU PREDICTS COLD WAVE

Pronounced Weather Changes Due in  
United States.Washington, Nov. 6.—Pronounced  
weather changes throughout the United  
States are predicted by the weather  
bureau in its forecast for the week,  
which also announced that Western  
Europe is in the grip of a severe  
storm."The severest storm of recent  
years over Western Europe and the  
British Isles," says the bulletin, "was  
central Sunday morning over North-  
ern Scotland, where the barometric  
pressure was 28.14 inches, causing  
gales and rains over waters adjacent  
to Western Europe, and will undoubt-  
edly result in a considerable loss of  
lives and shipping in that region.""Decidedly colder weather will over-  
spread the Northwestern states Tues-  
day and Wednesday and advance east-  
ward over the Middle West Wednes-  
day and Thursday and the Eastern  
states the latter part of the week."

Blaming Edwards.

General Edwards, chief of the insu-  
lar bureau, is the goat again. Senator  
Wetmore of Rhode Island asked Ed-  
wards what he should wear on his trip  
to Panama and Edwards prescribed  
thin clothes. Wetmore contracted a  
severe cold, and General Edwards is  
held responsible, although he asserts  
that his prescription was right.

Spooners Telegram.

"Back in the days when we were  
trying to prevent a declaration of war  
against Spain until our people could  
get out of Cuba," said former Senator  
Spooner, "one of my Wisconsin con-  
stituents became dissatisfied with my  
course, and one morning I was called  
out of bed to pay \$8 on a telegram  
which he had sent collect. I replied by  
wire in a telegram which must have  
cost him \$60 and sent it collect.""For many years he was angry and  
would scarcely speak to me and finally  
came out flat footed and told me it  
was because I had sent him a speech  
by wire collect. 'Why did you send  
me \$8 worth of advice by wire col-  
lect?' I asked. 'Great Scott! Did that  
telegram go to you collect?' he asked.  
'Then I apologize.' And we shook  
hands and became friends."

The Senior Senator.

The venerable Senator Cullom of Illi-  
nois ranks every man in congress both  
in service and years. He came to the  
house long before any of the other  
men now serving were there, even Joe  
Cannon. For a long time he has stood  
fourth on the roll in length of service  
in the senate, but the death of Frye  
and retirement of Hale and Aldrich  
make him the senior.

playing depends on a good deal.PRESIDENTIAL  
PRIMARY URGEDSenator Chamberlain Favors It  
For Democrats.

NOW USED IN MANY STATES.

Republicans in South an Obstacle in  
Its Way—One Southern Republican  
Has Same Representation as Fifty in  
the North—How Spooner Got Even.

By ARTHUR W. DUNN.

Washington, Nov. 6.—[Special.]—No  
one believes that either national com-  
mittee will commit itself to the doc-  
trine of presidential preference pri-  
maries for the selection of delegates  
to the next national conventions. The  
time is too short for either party to  
take such a radical step. And yet an  
effort will be made to force such a  
proposition through both committees  
when they meet in Washington during  
the coming winter."It is a splendid opportunity for  
the Democrats," declared Senator  
Chamberlain of Oregon, the state  
where many progressive measures have  
been fostered. "The Republicans will  
surely reject the presidential prefer-  
ence primary, and the Democrats  
should take it up. It will be the best  
thing that could happen."It is not to be expected that the  
Democrats will take the advice of  
Chamberlain, although the party is  
generally committed to the primary  
system, especially in the south.

Feasible For Democrats.

Presidential primaries are feasible  
for the Democrats, but not for the Re-  
publicans. Think of the Republicans  
undertaking to hold primaries in the  
southern states! Why, it costs enough  
now to manipulate the colored bro-  
ther with the close corporation method  
used. If there was a primary no one  
could tell what would happen. As the  
negro is not an element in Democratic  
politics, the primary would work very  
well for that party—if the party man-  
agers want it.

Bourne's Figures.

Jonathan Bourne made no new dis-  
covery when he ascertained that un-  
der the present system of electing dele-  
gates to the Republican convention 218  
Republicans in Mississippi have as  
much representation as 11,000 in Michi-  
gan, that 220 in South Carolina equal  
12,000 in Ohio and many other states  
show nearly as great a disproportion.That evil in Republican national con-  
ventions has been brought forward and  
criticized for a quarter of a century.  
It has been shown that more than a  
dozen states where there are scarcely  
any Republican voters and where no  
electoral votes are possible have great  
weight in naming the candidate. In  
every national convention efforts have  
been made to bring about a change,  
and every time they fail.A reform was almost put through the  
last convention, but the efforts of  
Taft's friends prevented it. The threat  
of the loss of negro votes in Illinois,  
Indiana, Missouri, Ohio, West Virginia,  
Maryland and Delaware in sufficient  
number to turn those states against  
the Republicans has been the formid-  
able barrier against representation ac-  
cording to votes cast.

Beveridge Returns.

Former Senator Beveridge came to  
town a short time ago and did not  
seem at all disturbed when he learned  
that the Republicans of Indiana were  
to be reorganized under the direction  
of the "Fairbanks crowd." Beveridge  
was twice elected to the senate when  
that "crowd" and the "three Jims"  
were running the party, and he is not  
at all disturbed over their return to  
party control. Besides Beveridge will  
want something better than a senator-  
ship if he again enters active politics.

Blaming Edwards.

General Edwards, chief of the insu-  
lar bureau, is the goat again. Senator  
Wetmore of Rhode Island asked Ed-  
wards what he should wear on his trip  
to Panama and Edwards prescribed

severe cold, and General Edwards is  
held responsible, although he asserts

## REIGN OF TERROR EXISTS

Italian Soldiers Continue Slaying  
Women and Children.Malta, Nov. 6.—Steamer passengers  
arriving from Tripoli describe the sit-  
uation there as a reign of terror.  
Strong military patrols are continual-  
ly conducting rigorous house to house  
searches and on the smallest pretense  
summary punishment is meted out.  
Many victims have been shot in their  
own homes. In the absence of any at-  
tempt to discriminate between friend  
and foe many foreigners have taken  
refuge in their respective consulates.An order forbidding any one to be  
out before 6 o'clock in the morning or  
after 6 o'clock in the evening has been  
strictly enforced. The Italian soldiers  
appear to have unlimited power and  
the passengers say, were shooting  
down man, woman or child who dis-  
obeyed the order.The passengers also confirm the  
stories of the brutality displayed by  
the Italians in their treatment of the  
Arabs.AMERICANS CONSUME  
CONSIDERABLE BEERUse More in the Aggregate Than  
Any Other Country.Washington, Nov. 6.—Consuming  
more beer in the aggregate than any  
other country in the world the United  
States leads all nations in the total  
consumption of malt liquors, wines  
and distilled spirits, with the enor-  
mous total of 2,045,300,000 gallons, the  
department of commerce and labor an-  
nounced.The per capita consumption of beer in  
the United States was only 21.09  
gallons in 1910, while in Belgium it is  
55.2 gallons and in the United Kingdom  
31.44 gallons and in Germany 26.47  
gallons. Germany was second in the  
total consumption of beer and the  
United Kingdom third.In the consumption of wines France  
leads with 39.36 gallons per capita, fol-  
lowed by Italy with 31.17 gallons and  
Portugal with 27.39 gallons. The per  
capita consumption in the United  
States is only about two-thirds of a  
gallon.In distilled spirits Denmark leads  
with the consumption of 2.97 gallons  
per capita, Hungary second, with 2.11  
gallons, and The Netherlands third,  
with 1.84 gallons. The United States  
per capita consumption is 1.45.

RODGERS LANDS AT PASADENA

Aviator Nears End of Ocean to Ocean  
Flight.Pasadena, Cal., Nov. 6.—Aviator  
Galbraith P. Rodgers, approaching a  
successful completion of his ocean to  
ocean jaunt across the American con-  
tinent, soared into Pasadena at a mile  
a minute clip on the last spurt of  
thirty miles from Pomona and dropped  
from an altitude of several thousand  
feet to a graceful landing at Tournam-  
ent park. He will fly to the coast,  
landing at the edge of the Pacific  
ocean.Official figures of Rodgers' flight,  
given by his manager, are:  
Total distance, 4,231 miles; flying  
time, 4,924 minutes.

Train Crash Proves Fatal.

Aberdeen, S. D., Nov. 6.—A head on  
collision at Bristol, S. D., caused the  
death of C. E. Gunlan, an emigrant  
bound for Watson, Minn. Two other  
emigrants were slightly hurt. A west-  
bound St. Paul freight sidetracked at  
Bristol for an eastbound stock train.  
The engineer of the stock train did  
not see the sidetrack owing to the  
fog and ran into the freight.

company's steamer Clyde, which is re-

tle Bay, on the northeast coast of New-

ceived here the steamer is in a dan-  
gerous position.YUAN SHI KAI  
DECLINES POST

ADVOCATES AMENDING LAW

Dr. Wiley Favors Changes in Pure  
Food Statute.Washington, Nov. 6.—Since his vin-  
dication by President Taft and the  
house committee on expenditures in  
the agricultural department Dr. Wiley,  
chief of the chemistry bureau and  
pure food expert, is planning to pro-  
cure an amendment of the pure food  
law, which he believes is defective in  
many respects. He would like to see  
it amended as follows:To require that canned goods show  
plainly on their labels the date they  
were canned.To prevent wholesale claims and  
misrepresentations of the virtue of  
patent medicines.To require that labels on all pack-  
ages show the actual net weight or  
volume of the contents.To include tobacco and its manufac-  
ture under the pure food law.To prohibit specifically the use of  
sulphur, alum and sulphate of copper,  
benzoate of soda, saccharine and other  
like ingredients in food products.In the meantime affairs here are in  
a state of chaos. No tangible head of  
the government is visible. The gov-  
ernment needs funds and hopes that  
the Franco-Belgian loan will be forth-  
coming to enable the military opera-  
tions and the administration to be  
carried on. The international group  
refuses to supply war funds. The gov-  
ernment is urging the group to ad-  
vance money, in order to allay the  
threatened financial and public dead-  
lock in Peking, as it is feared that the  
noncirculation of money will cause  
serious hardships to the coolies and  
the lower classes, which possibly  
might lead to local disturbances.To this group is inclined to ac-  
cede, although foreign commercial  
interests at Peking are unfavorable  
thereto. The question of tangible se-  
curity appears to be almost insur-  
mountable, but the negotiations con-  
tinue. The group insists that the  
funds be used for the purpose stated  
and suggests that, if completed, the  
loan be handed over to the local  
Chinese chamber of commerce, as was  
done at Shanghai in the recent crit-  
ical crisis.The third division of the army, sta-  
tioned at Shanghai, is under or-  
ders to proceed to Lanchow, the gov-  
ernment evidently hoping that the  
presence there of a loyal division  
would have a salutary effect on Gen-  
eral Chang's men. The transference  
of this division is now going on and  
the attitude of the men is eagerly  
awaited, as probably it will turn the  
scales in North China. Elsewhere in  
the north, excepting in Peking, the  
soldiers generally sympathize with  
the Lanchow movement.General Wu Lu Cheng, governor  
elect of Shansi, has informed the gov-  
ernment that he can persuade the  
Shansi rebels to accept the constitu-  
tion, but it is feared that Wu himself  
is a revolutionist.Reports from the Forbidden City  
show that the Manchou princes are in  
a pitiable state of fear and indecision.  
The total periodically urges drastic  
measures, which certainly will lead to  
the destruction of the nobles. The  
presence of General Yin Tehang, the  
former war department minister, has  
had a calming effect. Only the wise  
counsels of the old Prince Chang have  
averted a panic and prevented the  
flight of the court, or something worse.

Child Kicked by Horse Dies.

Montour, Ia., Nov. 6.—Her skull  
crushed by the kick of a horse Ellen  
Rouse, aged seven years, the daughter  
of Mr. and Mrs. Jasper Rouse, died.  
While driving from pasture a number  
of horses one of the animals frisked  
near the child and kicked. One of its  
hoofs struck the girl over the right  
ear, crushing and fracturing the skull  
and base.

ASKS AMERICA  
TO INTERVENETurkish Ambassador Calls at  
State Department.

## PROTESTS AGAINST CRUELITIES

Voy Acts on Cabled Instructions  
From His Government and Lays  
Facts Regarding Italian Barbarities  
Before Acting Secretary of State  
Adee—Some Declaration From Amer-  
ican Government Expected Soon.Washington, Nov. 6.—The so called  
Italian barbarities in Tripoli finally  
have been brought officially to the at-  
tention of the American government  
such form that some declaration of  
the position of the state department  
on the matter now is expected. The  
object was broached first in the  
course of a verbal statement by the  
Turkish ambassador to Acting Sec-  
retary Adee and later in the shape of a  
letter.In each case the ambassador, who  
asserted, he was acting by express  
abled instructions from his govern-  
ment, described in detail the facts at-  
tributed to the Italian troops and pro-  
tested in the name of humanity  
against the alleged barbarities inflicted  
upon helpless women and children  
and noncombatants by the infuriated  
Italian soldiery.By order of his government the am-  
bassador appealed to the United States  
to exert itself to put a stop to prac-  
tices that, he declared, were in plain  
violation of the rules of warfare and  
contravention of The Hague con-  
vention to which the United States  
and Italy are parties. Acting Sec-  
retary Adee promised to submit the pro-  
test to Secretary Knox, who at pres-  
ent is absent from Washington.

## Basis of Ambassador's Note.

The ambassador's note was based  
upon a cablegram from the Turkish  
minister for foreign affairs, of which  
the following is a copy:"Your excellency has heard the  
news, unfortunately confirmed,  
of wholesale executions of a great num-  
ber of inhabitants of Tripoli, perpe-  
trated daily by the Italian military au-  
thorities."The right of all able-bodied citizens  
to fight for the supreme defense of  
his invaded home is undeniable. It  
confers on the said citizens the char-  
acter of belligerents and obliges the  
enemy to respect the lives of those  
amongst them who fall into their  
hands. But the Italians are violating  
not only the sacred principle of mod-  
ern law of nations, but also the most  
elementary rules of civilization and  
humanity in shooting down the na-  
tives who have properly enlisted and  
on the innocent women and chil-  
dren, on mere suspicion—not to men-  
tion those deported by thousands."These acts are moreover contrary  
to the engagements by Italy herself  
at the second conference of The Hague  
on the convention relating to the laws  
and customs of war, which places the  
population and the belligerents under  
the safeguard and under the protec-  
tion of the laws of humanity and the  
principles of the public conscience.

## Urges Energetic Protest.

"I therefore beg you to protest in  
the most energetic manner to the gov-  
ernment to which you are accredited  
for such crimes against humanity  
committed by the Italians, the sad  
spectacle of which offers a striking  
contrast with the efforts, crowned  
with success, and admitted by the Ital-  
ians themselves, that our authorities  
in Tripoli and Benghazi have not ceased  
to display in order to safeguard the  
lives and property of the Italians as  
well as other Europeans and that un-  
der the very fire of the enemy and in  
the midst of a justly indignant and  
exalted population."Please read the present dispatch  
the minister of foreign affairs, leav-  
ing at the same time a copy of same."  
Supplementing this cable came an-  
other from the Turkish foreign office,  
which was also transmitted to the  
state department. This is regarded as  
of great importance because it formal-  
ly demands intervention by the United  
states. It reads:"The Italian atrocities in Tripoli, be-  
ing confirmed officially and from every  
quarter, I beg your excellency to re-  
iterate the representations prescribed  
by my pressing telegram to insist  
upon the necessity of prompt and effi-  
cient intervention, in order to put  
an end immediately to these inhuman  
proceedings."

## Stump Puller Kills Man.

Bedford, Ia., Nov. 6.—While pulling  
logs on his farm near here Marion  
Enfro, a well known, middle aged  
farmer, was almost instantly killed.  
He was breaking, releasing the sweep,  
which hit Enfro with great force. He  
was hurled twenty feet against a log.  
His neck was broken.

## Aged Husband Shoots Wife.

Atlantic, Ia., Nov. 6.—Mrs. J. F.  
Christofferson, seventy years old, was  
found at her home here with four bul-  
let wounds in her head from shots  
fired by her husband, also a septu-  
agenarian. The shooting followed a  
dispute over Mrs. Christofferson's re-  
sistance to sign a deed. The husband  
shot himself twice in the head, but is  
not in a serious condition. Mrs.  
Christofferson is not expected to live.

## GOVERNOR HAY.

Has Plan to Settle Dispute  
With Great Northern Railroad.

## HILL MAY USE STATE ROAD

Governor Hay of Washington to Set-  
tle Dispute.Tacoma, Wash., Nov. 6.—Governor  
Hay will recommend that the Great  
Northern railroad be allowed to use  
such portions of state road No. 10 as  
it needs for its new water grade line  
north from Wenatchee, on condition  
that the railroad construct a new road  
for the state to replace portions of the  
old road it uses and that construction  
be started within six months and be  
completed within two years.The state highway commission had  
demanded that the Great Northern  
pay an additional \$50,000. This the  
railroad refused. Governor Hay's plan  
will settle the dispute.THREE PERISH WHEN  
BRIDGE COLLAPSESBelief Prevails That Loss of Life  
May Be Heavier.Auburn, Cal., Nov. 6.—Three bodies  
have been recovered from the wreck-  
age of the Mountain Quarries com-  
pany's bridge across the American  
river, the east span of which collapsed.  
Five workmen were injured and, as  
there were thirty men on the bridge  
at the time of the disaster, it is be-  
lieved that still more casualties will  
be discovered.The victims of the accident were  
members of a gang of ten men work-  
ing under the superstructure at the  
water's edge building caissons.  
The concrete structure gave way on  
account of work having been rushed  
on the bridge to prepare it for the  
winter rains, the concrete not being  
firmly set. The river is swollen and  
the foremen had expressed fear that  
the concrete pillars would not with-  
stand the strain.

## BUREAU PREDICTS COLD WAVE

Pronounced Weather Changes Due in  
United States.Washington, Nov. 6.—Pronounced  
weather changes throughout the United  
States are predicted by the weather  
bureau in its forecast for the week,  
which also announced that Western  
Europe is in the grip of a severe  
storm."The severest storm of recent  
years over Western Europe and the  
British Isles," says the bulletin, "was  
central Sunday morning over North-  
ern Scotland, where the barometric  
pressure was 28.14 inches, causing  
gales and rains over waters adjacent  
to Western Europe, and will undoubt-  
edly result in a considerable loss of  
lives and shipping in that region.""Decidedly colder weather will over-  
spread the Northwestern states Tues-  
day and Wednesday and advance east-  
ward over the Middle West Wednes-  
day and Thursday and the Eastern  
states the latter part of the week."

## HARD FIGHT FOR EVIDENCE

Prosecution and Defense in McNamara  
Case Seeking Material.Los Angeles, Nov. 6.—With more  
than a collateral interest manifest in  
the developments at Indianapolis relat-  
ing to the transfer of the supposed  
evidence to the scene of the McNamara  
case here attorneys for both prosecution  
and defense prepared to renew the  
search for satisfactory  
testimony.While the trial of James B. Mc-  
Namara, indicted for the loss of a  
score of lives in the explosion of the  
Times building a year ago, hardly has  
proceeded far enough to warrant any  
exact forecast of the time when a jury  
will be sworn in and evidence intro-  
duced the struggle over the possession  
of what is important evidence  
admittedly is going on in various parts  
of the country, with Indianapolis at  
present the center of interest.

## Negro Kills Policeman.

Youngstown, O., Nov. 6.—Patrolman  
Alfred Evans was killed here by an  
unknown negro whom he found loiter-  
ing in front of a residence and at-  
tempted to search. The negro fired  
three shots through the policeman's  
body and escaped.PRESIDENTIAL

## NOW USED IN MANY STATES.

Republicans In South an Obstacle In  
Its Way—One Southern Republican  
Has Same Representation as Fifty In  
the North—How Spooner Got Even.

By ARTHUR W. DUNN.

Washington, Nov. 6.—[Special.]—No  
one believes that either national com-  
mittee will commit itself to the doc-  
trine of presidential preference pri-  
maries for the selection of delegates to  
the next national conventions. The  
time is too short for either party to  
take such a radical step. And yet an  
effort will be made to force such a  
proposition through both committees  
when they meet in Washington during  
the coming winter."It is a splendid opportunity for  
the Democrats," declared Senator  
Chamberlain of Oregon, the state  
where many progressive measures have  
been fostered. "The Republicans will  
surely reject the presidential prefer-  
ence primary, and the Democrats  
should take it up. It will be the best  
thing that could happen."It is not to be expected that the  
Democrats will take the advice of  
Chamberlain, although the party is  
generally committed to the primary  
system, especially in the south.

## Feasible For Democrats.

Presidential primaries are feasible  
for the Democrats, but not for the Re-  
publicans. Think of the Republicans  
undertaking to hold primaries in the  
southern states! Why, it costs enough  
now to manipulate the colored broth-  
er with the close corporation method  
used. If there was a primary no one  
could tell what would happen. As the  
negro is not an element in Democratic  
politics, the primary would work very  
well for that party—if the party man-  
agers want it.

## Bourne's Figures.

Jonathan Bourne made no new dis-  
covery when he ascertained that under  
the present system of electing dele-  
gates to the Republican convention 218  
Republicans in Mississippi have as  
much representation as 11,000 in Mich-  
igan, that 220 in South Carolina equal  
12,000 in Ohio and many other states  
show nearly as great a disproportion.That evil in Republican national con-  
ventions has been brought forward and  
criticized for a quarter of a century.  
It has been shown that more than a  
dozen states where there are scarcely  
any Republican voters and where no  
electoral votes are possible have great  
weight in naming the candidate. In  
every national convention efforts have  
been made to bring about a change,  
and every time they fail.A reform was almost put through the  
last convention, but the efforts of  
Taft's friends prevented it. The threat  
of the loss of negro votes in Illinois,  
Indiana, Missouri, Ohio, West Virginia,  
Maryland and Delaware in sufficient  
number to turn those states against  
the Republicans has been the formid-  
able barrier against representation ac-  
cording to votes cast.

## Beveridge Returns.

Former Senator Beveridge came to  
town a short time ago and did not  
seem at all disturbed when he learned  
that the Republicans of Indiana were  
to be reorganized under the direction  
of the "Fairbanks crowd." Beveridge  
was twice elected to the senate when  
that "crowd" and the "three Jims"  
were running the party, and he is not  
at all disturbed over their return to  
party control. Besides Beveridge will  
want something better than a senator-  
ship if he again enters active politics.

## Blaming Edwards.

General Edwards, chief of the insu-  
lar bureau, is the goat again. Senator  
Wetmore of Rhode Island asked Ed-  
wards what he should wear on his trip  
to Panama and Edwards prescribed  
thin clothes. Wetmore contracted a  
severe cold, and General Edwards is  
held responsible, although he asserts  
that his prescription was right.

## Spooner's Telegram.

"Back in the days when we were  
trying to prevent a declaration of war  
against Spain until our people could  
get out of Cuba," said former Senator  
Spooner, "one of my Wisconsin con-  
stituents became dissatisfied with my  
course, and one morning I was called  
out of bed to pay \$8 on a telegram  
which he had sent collect. I replied by  
wire in a telegram which must have  
cost him \$60 and sent it collect.""For many years he was angry and  
would scarcely speak to me and finally  
came out flat footed and told me it  
was because I had sent him 'a speech  
by wire' collect. 'Why did you send  
me \$8 worth of advice by wire col-  
lect?' I asked. 'Great Scott! Did that  
telegram go to you collect?' he asked.  
'Then I apologize.' And we shook  
hands and became friends."

## The Senior Senator.

The venerable Senator Cullom of Illi-  
nois ranks every man in congress both  
in service and years. He came to the  
house long before any of the other  
men now serving were there, even Joe  
Cannon. For a long time he has stood  
fourth on the roll in length of service  
in the senate, but the death of Frye  
and retirement of Hale and Aldrich  
make him the senior.

playing depends on a good deal.

## REIGN OF TERROR EXISTS

Italian Soldiers Continue Slaying  
Women and Children.Malta, Nov. 6.—Steamer passengers  
arriving from Tripoli describe the sit-  
uation there as a reign of terror.  
Strong military patrols are continual-  
ly conducting rigorous house to house  
searches and on the smallest pretense  
summary punishment is meted out.  
Many victims have been shot in their  
own homes. In the absence of any at-  
tempt to discriminate between friend  
and foe many foreigners have taken  
refuge in their respective consulates.An order forbidding any one to be  
out before 6 o'clock in the morning or  
after 6 o'clock in the evening has been  
strictly enforced. The Italian soldiers  
appear to have unlimited power, and  
the passengers say, were shooting  
down man, woman or child who dis-  
obeyed the order.The passengers also confirm the  
stories of the brutality displayed by  
the Italians in their treatment of the  
Arabs.AMERICANS CONSUME  
CONSIDERABLE BEERUse More in the Aggregate Than  
Any Other Country.Washington, Nov. 6.—Consuming  
more beer in the aggregate than any  
other country in the world the United  
States leads all nations in the total  
consumption of malt liquors, wines  
and distilled spirits, with the enor-  
mous total of 2,045,300,000 gallons, the  
department of commerce and labor an-  
nounced.The per capita consumption of beer  
in the United States was only 2.09  
gallons in 1910, while in Belgium it is  
55.2 gallons, in the United Kingdom  
31.44 gallons and in Germany 26.47  
gallons. Germany was second in the  
total consumption of beer and the  
United Kingdom third.In the consumption of wines France  
leads with 39.36 gallons per capita, fol-  
lowed by Italy with 31.17 gallons and  
Portugal with 27.39 gallons. The per  
capita consumption in the United  
States is only about two-thirds of a  
gallon.In distilled spirits Denmark leads  
with the consumption of 2.97 gallons  
per capita, Hungary second, with 2.11  
gallons, and The Netherlands third,  
with 1.84 gallons. The United States  
per capita consumption is 1.45.

## RODGERS LANDS AT PASADENA

Aviator Nears End of Ocean to Ocean  
Flight.Pasadena, Cal., Nov. 6.—Aviator  
Galbraith P. Rodgers, approaching a  
successful completion of his ocean to  
ocean jaunt across the American con-  
tinent, soared into Pasadena at a mile  
a minute clip on the last spurt of  
thirty miles from Pomona and dropped  
from an altitude of several thousand  
feet to a graceful landing at Tournam-  
ent park. He will fly to the coast,  
landing at the edge of the Pacific  
ocean.Official figures of Rodgers' flight,  
given by his manager, are:  
Total distance, 4,231 miles; flying  
time, 4,924 minutes.

## Train Crash Proves Fatal.

Aberdeen, S. D., Nov. 6.—A head on  
collision at Bristol, S. D., caused the  
death of C. E. Gunlan, an emigrant  
bound for Watson, Minn. Two other  
emigrants were slightly hurt. A west-  
bound St. Paul freight sidetracked at  
Bristol for an eastbound stock train.  
The engineer of the stock train did  
not see the sidetrack owing to the  
fog and ran into the freight.

## ADVOCATES AMENDING LAW

Dr. Wiley Favors Changes in Pure  
Food Statute.Washington, Nov. 6.—Since his vin-  
dication by President Taft and the  
house committee on expenditures in  
the agricultural department Dr. Wiley,  
chief of the chemistry bureau and  
pure food expert, is planning to pro-  
cure an amendment of the pure food  
law, which he believes is defective in  
many respects. He would like to see  
it amended as follows:To require that canned goods show  
plainly on their labels the date they  
were canned.  
To prevent wholesale claims and  
misrepresentations of the virtue of  
patent medicines.To require that labels on all pack-  
ages show the actual net weight or  
volume of the contents.To include tobacco and its manufac-  
ture under the pure food law.To prohibit specifically the use of  
sulphur, alum and sulphate of copper,  
benzoate of soda, saccharine and other  
like ingredients in food products.

## Child Kicked by Horse Dies.

Montour, Ia., Nov. 6.—Her skull  
crushed by the kick of a horse Ellen  
Rouse, aged seven years, the daughter  
of Mr. and Mrs. Jasper Rouse, died.  
While driving from pasture a number  
of horses one of the animals frisked

hoofs struck the girl over the right  
ear, crushing and fracturing the skull  
and base.

## AFFAIRS IN STATE OF CHAOS

No Tangible Head of the Government  
Is Visible and Funds Are Scarcely  
Needed to Carry on Military Opera-  
tions and Other Projects—Manchu  
Princes in Pitiable State of Fear and  
Indecision.Peking, Nov. 6.—Yuan Shi Kai still  
declines to accept the premiership, al-  
though assured of the support of the  
national assembly and General Chang,  
in command of the Lanchow troops.  
Both the assembly and General Chang,  
however, insist that when the parlia-  
ment is elected the premier shall be  
chosen by that body.In the meantime affairs here are in  
a state of chaos. No tangible head of  
the government is visible. The gov-  
ernment needs funds and hopes that  
the Franco-Belgian loan will be forth-  
coming to enable the military opera-  
tions and the administration to be  
carried on. The international group  
refuses to supply war funds. The gov-  
ernment is urging the group to ad-  
vance money, in order to allay the  
threatened financial and public dead-  
lock in Peking, as it is feared that the  
noncirculation of money will cause  
serious hardships to the coolies and  
the lower classes, which possibly  
might lead to local disturbances.To this the group is inclined to ac-  
cede, although foreign commercial in-  
terests at Peking are unfavorable  
thereto. The question of tangible se-  
curity appears to be almost insur-  
mountable, but the negotiations con-  
tinue. The group insists that the  
funds be used for the purpose stated  
and suggests that, if completed, the  
loan be handed over to the local Chi-  
nese chamber of commerce, as was  
done at Shanghai in the recent criti-  
cal crisis.The third division of the army, sta-  
tioned at Shanghai, is under or-  
ders to proceed to Lanchow, the gov-  
ernment evidently hoping that the  
presence there of a loyal division  
would have a salutary effect on Gen-  
eral Chang's men. The transference  
of this division is now going on and  
the attitude of the men is eagerly  
awaited, as probably it will turn the  
scales in North China. Elsewhere in  
the north, excepting in Peking, the  
soldiers generally sympathize with  
the Lanchow movement.General Wu Lu Cheng, governor  
elect of Shanxi, has informed the gov-  
ernment that he can persuade the  
Shansi rebels to accept the constitu-  
tion, but it is feared that Wu himself  
is a revolutionist.Reports from the Forbidden City  
show that the Manchu princes are in  
a pitiable state of fear and indecision.  
The total periodically urges drastic  
measures, which certainly will lead to  
the destruction of the nobles. The  
presence of General Yin Tchang, the  
former war department minister, has  
had a calming effect. Only the wise  
counsels of the old Prince Chang have  
averted a panic and prevented the  
flight of the court, or something worse.

## TRAGEDY PREVENTS WEDDING

Groom Hangs Himself After Losing  
on Apple Margin.St. Joseph, Mo., Nov. 6.—Four days  
before he was to have been married to  
Miss Hazel Hurley of Hurley, Emory  
Ball hanged himself in a barn in Liv-  
ingstone county.Three months ago the young man's  
father gave him \$10,000 and told him  
to "make good." Ball invested the en-  
tire amount in apples, a sudden break  
in the price of which left him almost  
 penniless. In an effort to recover Ball  
lost everything he owned, including his  
credit.He walked into the country near  
Chillicothe, took a pair of overalls,  
tied one end about his neck, the other  
around a rafter and jumped off a box.

## FIENDISH CRIME IN NORTH

Manitoba Woman Found With Head  
Almost Severed From Body.Griswold, Man., Nov. 6.—The body  
of Mrs. Okie, who has a homestead on  
the old Indian reservation north of  
this place, was found dead with the  
head almost severed when a neighbor  
woman called to accompany the mur-  
dered woman to church.No motive for the crime is known.  
The woman's body was in the hallway  
of the home. Two slashes at the wom-  
an's neck had evidently been made  
with a butcher knife.

## Caused by Drunken Drunken.

Decatur, Ill., Nov. 6.—A defective  
switch caused a Wabash passenger,  
northbound, to take the siding near  
Galesburg, Ill., and run into a mer-  
chandise freight, southbound. A. A.  
March of Chicago, the passenger en-  
gineer, was so terribly scalded that  
he died.

## Twenty Years for Robbery.

St. Paul, Nov. 6.—Twenty years in  
the penitentiary was the sentence im-  
posed by Judge Orr of the Ramsey  
county district court upon Harry T.  
Robinson for the robbery, Jan. 2, 1912,  
of the safe of the Shubert theater.  
The robbery netted \$3,294.

Given to one of our Patrons  
AT 8:30

The Womens Christian Temperance Union has its regular monthly meeting at the Y. M. C. A. parlors on Tuesday afternoon at three o'clock. Business of importance is to be transacted. All members are requested to be present.

Dr. Rosetta Shortridge, Osteopathic Physician, located in Walverman block, Front street, will examine patients free at her office during the month of November. 12919

In the church announcement of Saturday the announcement of the Seventh street Norwegian Lutheran church for Sunday, October 28 was allowed to reappear. Rev. Hostager did not speak at Long Lake but was at Brainerd.

Miss Florence I. Flanagan, who visited her parents, Mr. and Mrs. Joseph Flanagan, has returned to her studies at St. Catherine's college, St. Paul. Her father gave her an automobile ride from Brainerd to Little Falls, from which point she took the train.

The Ladies' Aid society of the Methodist Episcopal church will meet with Mrs. Thomas Deakes, 422 N. E. Fourth Ave., on Wednesday afternoon at 2:30 sharp. A full attendance is desired as further arrangements are to be made by the members and friends for the annual supper and bazaar which the society will give on Monday evening, November 20th.

Thespians crowded the platform of the depot this noon when the belated Duluth train arrived carrying a carload of scenic equipment of the "Three Twins" company which played at Duluth last night. The comic opera is said to be one of the best which ever came to Brainerd and judging from the sale of seats at the box office and the interest evinced in the coming show, the "Three Twins" will play to a crowded house. The scenery is superb and the company is fully capable of interpreting the funny situations arising.

Call and look over my list of large and small farms and lake frontages, houses and nice building lots. Do not wait, you can buy now much cheaper than you can in the spring.

St. Cloud Normals Outweighed Brainerd at Least 25 Pounds to the Man

### BRAINERD PUTS UP GAME FIGHT

Brainerd Was Forced to Use Mostly Open Plays, Making Gains on Trick Plays

The high school football team journeyed down to St. Cloud Saturday, where they played the giants representing the state normal and lost by a 22 to 0 score. The Normal team outweighed their opponents at least twenty-five pounds to the man. The Normal team is considered a college eleven and our team loses no glory by being defeated by such a team. The Brainerd team was handicapped by the loss of Brady, Brooks and Slipp, who are still laid up with injuries. And it was a patched up lineup that faced the Normalites.

However, the team put up a most creditable showing and several times threatened the St. Cloud goal. The Normals started hammering the Brainerd line and because of their extra weight could make consistent gains. Not once did they succeed in circling the ends. They succeeded in smashing through the line for a touch down in each quarter and kicking two of the four goals, making the final count, St. Cloud 22, Brainerd 0.

Brainerd was forced to use mostly open plays and several times made big gains on trick plays and on forward passes. And on one occasion the locals made fifty yards when Mahlum on a trick formation made a beautiful forward pass to Trent. Several times Alderman broke away for what looked like a touch down only to be downed after a gain.

The Brainerd line was outweighed to such an extent that they never had a chance to show themselves. Most of the tackling was done by the backfield and ends, and whenever a Normal man succeeding in plowing through the line, he was generally halted by the determined tackling of a backfield man.

The Brainerd team fought until the last whistle and the St. Cloud rooters cheered the boys for their gameness, and clean, manly playing. Little Falls will probably be here next Saturday and another good game is certain.

## JUDD LaMOURE IS VERY SICK

Special by Phone to Dispatch:—

Nisswa, Minn., November 6.—Judd LaMoure, of Pembina, N. D., well known in Brainerd and formerly state senator of North Dakota and one of the prominent politicians of the northwest, is very sick at his summer home at Nisswa, north of Brainerd, and fears are entertained that he may not survive the day.

His wife passed away about a month ago and the loss of her has been keenly felt by him.

## MUST DISPOSE OF ALL BRUSH

State Forest Service Calls Attention to New Law Regarding the Disposal of Slash

### TO PREVENT FOREST FIRES

Forest Ranger Saunders Given Instructions to See That Brush is Properly Disposed Of

Forest Ranger J. P. Saunders, in charge of district No. 4, of the Minnesota Forest Service, has received instructions to see that all brush is properly disposed of as the department wishes to do everything possible to prevent fires.

Under the new law it is made the duty of every one cutting timber for any purpose to dispose of the slash. This applies to people doing any kind of logging, clearing land for farms, cutting out roads, etc. It is part of the effort being made to prevent forest fires and is going to be enforced by this department of the state.

Rangers will be on duty in the winter as well as in the summer to see that brush is properly disposed of. The manner in which slash must be handled will vary more or less with the character of the woods, so that it will be well to get in touch with the ranger, who in this district is J. P. Saunders, before the cutting begins.

Contractors and people letting contracts for cutting timber are directly affected by this brush disposal law and the measures being taken to carry it out.

J. E. Parker, 2021 No. 10th St., Ft. Smith, Ark., says that he had taken many kinds of kidney medicine, but did not get better until he took Foley Kidney Pills. No matter how long you have had kidney trouble, you will find quick and permanent benefit by the use of Foley Kidney Pills. Start taking them now. For sale by all druggists.

## COVER AKELEY- BRAINERD ROUTE

Akeley Business Men Visit Brainerd Sunday and are Enthusiastic About the Road Which

### LEADS TO ITASCA STATE PARK

"Every Twin City Man Should Take This Road in Going to the Park" Said Charles F. Scheers

"The best road from St. Paul to the Itasca state park, the play ground of the state, leads from your city to Akeley, the natural gateway to the park," said Charles E. Scheers, editor of the Akeley Tribune, in an interview in the lobby of the Ransford hotel.

"Never is there a road endowed with greater scenic beauties than this one. It is one which every Twin City man who wishes to see the park should take. Leaving your town the road winds around pretty lakes and through an ever changing panorama of hills, valleys and forests. The hunting throughout this territory is superb and I can honestly say our party never saw so many partridges, chicken and ducks as we saw along this roadway."

In the party were the following who traveled in Dr. Doran's speedy Hudson: Dr. and Mrs. G. M. Brown, Mr. and Mrs. E. M. Irish and Miss Wright. In the Mitchell car were Charles F. Scheers, V. L. Whitcomb and Bert Weaver. All the ladies and gentlemen are from Akeley.

Dr. Doran is one of the leading physicians and owns the Union hospital. E. M. Irish is a member of the executive council of the newly organized Akeley Commercial club. Mr. Irish is well acquainted with Brainerd, having fifteen years ago been employed in the M. K. Swartz drug store. Charles F. Scheers 18 years ago worked for Col. A. J. Halsted on the Tribune. He is now editor of the Akeley paper and was recently elected president of the Akeley Commercial club. V. L. Whitcomb is the manager of the Akeley auto garage.

Akeley's Commercial club has started a vigorous campaign for more settlers. The new creamery will be opened in the spring. A new elevator and a new potato warehouse will also be constructed and a market established where the farmers can dispose of their produce.

Akeley wants the world to know that it is the natural gateway to Itasca park and they want Brainerd to remember it. They want Brainerd and its Commercial club as well as the local papers to do all they can to stimulate travel from the Twin Cities and other place through Brainerd via Akeley to the park. "Speak well of Akeley and we shall boom Brainerd," said one of their party.

Early in the season the Red River Lumber Co., of Akeley, placed signs along the road from Akeley to Brainerd.

THE suit bargains we are offering are so big that if you are at all interested in suits you simply cannot afford to pass them by. We have generally waited until January before selling our surplus stock. We will give you these bargains in November—yes right now. Every suit is a splendid representative of the excellent tailored ones now so much in vogue. Come and see them.

The demonstration in stenciling will be continued tomorrow--See the work.

Public Examiner Andrew Fritz, in Report, Takes a Rap at the Walker Institution

### COUNTIES OWE HOSPITAL \$4,000

Cost of Keeping Patients Said to be Double That of Other State Institutions

The state sanatorium for tubercular patients at Walker, north of Brainerd, is severely scored by Andrew Fritz, the public examiner, in a communication to Governor A. O. Eberhart.

The management of the institution, its failure to collect sums due from counties for the keeping of patients and the neglect of crops which might have been grown, are censured.

Mr. Fritz found, he said, that there is outstanding more than \$4,000 due from counties for keeping patients; that the average number of patients in the institution is sixty a day and the average cost of keeping each is \$6 a week, "which," he adds, "is more than double the average for other state institutions."

#### Saturday's Musicales

A large audience listened to the program at the Saturday afternoon musicale.

The Milch sisters, who were giving a series of concerts in the city kindly consented to play for the club. Their Concerto A Minor, Opus 44, was greatly enjoyed by all, and they responded to a hearty encore.

Mr. Benjamin Arnold pleased the audience with a group of songs and particularly with his dramatic rendition of a selection from Pagliacci.

Mrs. P. A. Gough, of Deerwood, sang two groups of songs. Her artistic nature was truly revealed by the choice and poetical rendition of her selection.

Mrs. Gough is doubly gifted, not only having a beautiful and well trained voice, but is an accomplished pianist, delightfully accompanying her own songs.

The following was the program:

### MUSIC AND DRAMA

#### At the Grand

The Grand presents tonight a series of moving pictures of more than ordinary interest. "A Biting Business" is a most clever comedy. "His Better Self" gives a phase of military life and is therefore very interesting. "The Noble Red Man" is a story of western life, dramatic in its intensity. Mr. Goeltz will assist Mr. Howard with his songs tonight. He is an experienced man in the motion picture business and will also lecture on the pictures.

#### At the Empress

The Empress presents a show that satisfies and among the films shown is the "Lighthouse by the Sea", a very pretty love tale whose scenes are laid among the storm swept reefs of the Atlantic. To those who love to see the ocean in its varying moods this picture will make a particular appeal.

"The Surgeon's Temptation" is one of those thrilling dramas which grip the attention of an audience and holds one's interest to the denouement of the story.

"For the Flag" is an historical tale of the French and Indian wars on the frontier in the early days when the known territory of the United States extended only to the Mississippi.

#### "Three Twins" Tonight

No musical comedy in the last decade made such a strong impression on its opening night as "The Three Twins" and none of them have retained such a firm hold on the public as this fascinating humorous story of real life. With its many scintillating flashes of wit and its delightful musical score it is a refreshing novelty to those who have seen it before and is a positive revelation to those who see it for the first time. Although the old theme of mistaken identity is the basis of the plot, the author has contrived so many new situations and devised so many novelties that it is one constant series of delights. The plot while in a measure intricate, is well worked out and holds the attention of the audience until the final fall of the curtain. Intensely ludicrous situations follow each other in quick succession, relieved only by the introduction of musical gems that set the audience wild with delight. It is one of those clean clever comedies that amuses all ages of theatre goers and is always a welcome return visitor. If it were played as a straight comedy it would make a big hit, and now that it is a dainty mosaic of comedy and music, it has such a firm hold on theatre goers that it will be years before it is off the board. This year the production is entirely new with superb electrical effects, new costumes and elaborate scenery. At the Park opera house tonight.

### SOCIAL EVENTS

Miss Nell Fie Alderman and Miss Eloise Smith entertained on Saturday evening at a dancing party in honor of Dr. H. G. Ingersoll and Miss Louise Beare. The rooms of the Black Hawk club, where the party was given, were decorated in pink, the favorite color of Miss Beare. Ferns and pink carnations were twined among the pink ribbons. Thirty young people were present and all spent a most enjoyable evening. Presiding over the tables when the refreshments were served were the young hostesses assisted by Mrs. R. J. Hartley, Mrs. S. F. Alderman and Mrs. Fanny Smith.

### A Household Medicine

That stops coughs quickly and cures colds is Foley's Honey and Tar Compound. Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., says: "I can recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. It cured my daughter of a bad cold and my neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Everyone in our neighborhood speaks highly of it." For sale by all druggists. tts

### Sugar as a Nerve Restorer.

One of the greatest values of sugar, apart from its high steaming power, is the rapidity with which it can be absorbed and burned in the bodily engine. The careful and exhaustive researches of Lee, Mosso, Harley and Schumburg showed that there was no food which would restore working power to fatigued muscles of both men and animals as quickly and effectively as pure sugar. Indeed, it was suggested by Professor Lee that tired business men carried beyond their regular lunch hour would find a few lumps of pure sugar one of the best of temporary restoratives and "pick-me-ups," far superior to alcohol.—Dr. Woods Hutchinson in Woman's Magazine.

Four coughing, dryness and tickling in the throat, hoarseness and all coughs and colds, take Foley's Honey and Tar Compound. Contains no opiates. For sale by all druggists.

### Vineyards of Paris.

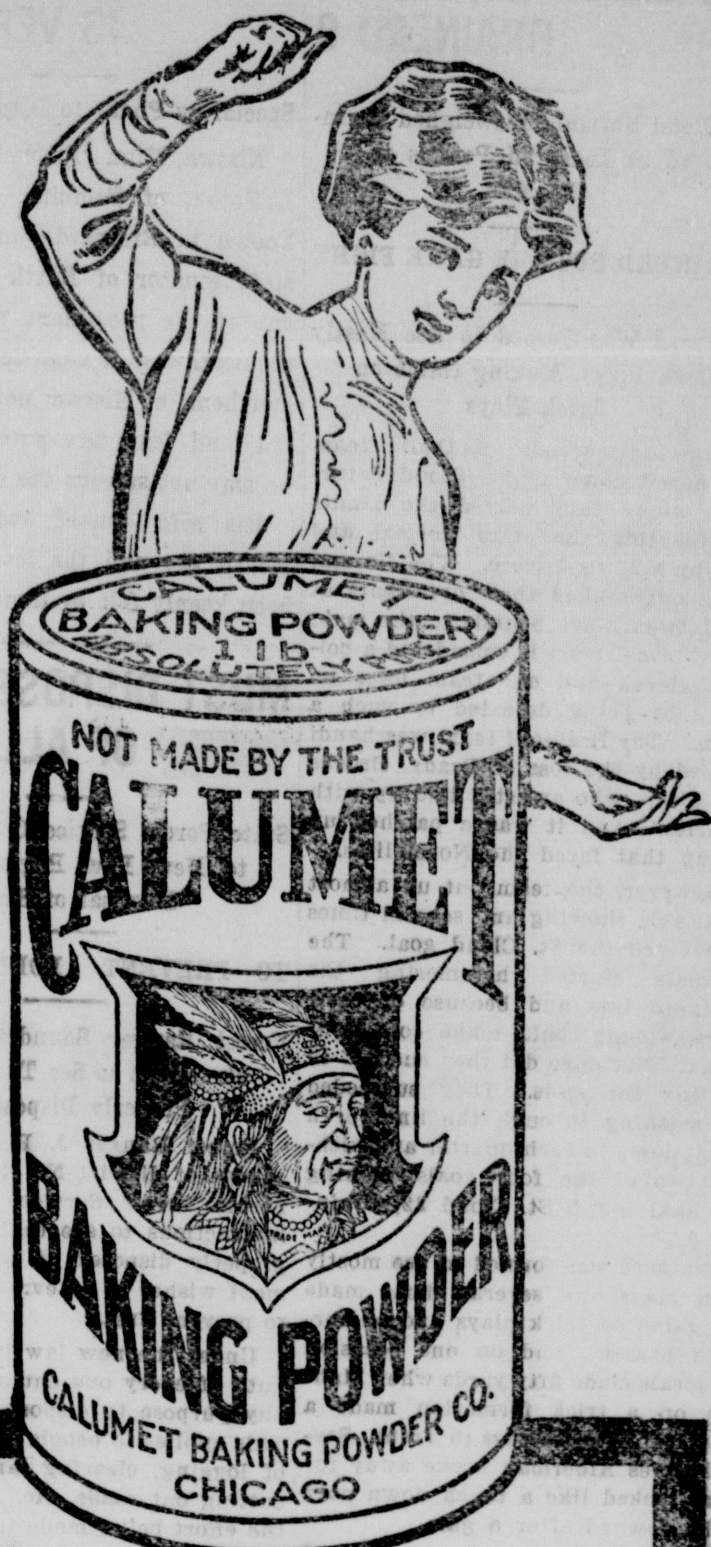

Though it does not, of course, take very great proportions, Paris has an annual vintage season which cannot be entirely ignored. Many gardens of the French capital shelter fine vines, and some of these have quite a reputation. One of the best known of the city's miniature vineyards is that of the chamber of deputies. This was created in the reign of King Louis Philippe when vines were planted in the Aguesseau and Montesquieu courtyards of the Palais Bourbon. The Church of St. Louis has a very productive vineyard, and there is also a good yearly harvest in a garden close to the Sacre Coeur.—Paris Presse.

### Oil For Ferns.

An olive oil bath is very fine for a palm or fern. Put two tablespoonfuls at the roots of your palm or fern and you have no idea—unless you have tried it—what the improvement will be.

**MELLIN'S**  
Our baby was sick and we tried several kinds of foods, which did not agree with him. At five months he weighed twelve pounds and we thought he would not live. A friend told us to try Mellin's Food. We commenced using it and he began to mend and at eight months old he weighed twenty-five pounds and is a picture of health. We feel that we owe his life to Mellin's Food."  
Mrs. C. Sears, Haskell, Texas.  
"I have five healthy children and am just starting the fifth, which is two months old, on Mellin's Food. I am positive it will prove successful, as I gave it to the other four and had no trouble with them, even during the hottest weather. I recommend it to all my friends and recently induced a friend who has a very delicate baby to try it and now the child is in perfect health. I cannot praise it too highly and would not think of giving my baby any other food."—Mrs. W. Monahan, Hillburn, N.Y.

### CHIPPEWAS SEEK RELIEF

Delegation Headed by Attorney Edward Rogers, of Walker, Will Go to Washington

Headed by Attorney Edward Rogers, of Walker, well known in Brainerd, five Indians from the Leech Lake Chippewa Indian reservation and a similar number from the Bena, Cass Lake and White Earth tribes will go to Washington and ask the Indian department that the act of June 14, 1889 for the relief of the Chippewa tribe be carried out.

Over \$2,000,000 interest from funds received by the government from the sale of land and timber on the Indian reservation, is being held back, they say, and the council was for the purpose of obtaining this interest money.

### FALLS FROM HIGH WAGON

Farmer's Wife Severely Injured Saturday Afternoon While Alighting From Vehicle

Mrs. Joseph Brusseau, residing two miles south of Brainerd, was severely injured Saturday afternoon as she was stepping from a high wagon drawn up near the O'Brien Mercantile Co. store. There was a double box on the wagon and as she stepped from the same she slipped and dislocated her elbow.

Receiving prompt treatment at the Northwestern hospital, the injury was soon reduced and she was taken to her home.

When Taken Suddenly Ill—Here is a Common-sense Safeguard.

Big, strong man as a helpless infant when he is suddenly ill.

The sturdiest chap in town usually loses his self-control, and is utterly unable to regard his condition with the common sense that characterizes his every day actions.

For example: He comes home tired, eats a heavy dinner and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then sharp pains around his heart, and a feeling of suffocation.

Thoughts of "heart disease" rush over him, and in his agony he fears the worst.

His trouble was acute indigestion, brought on by overloading his tired stomach.

A couple of Rexall Dyspepsia Tablets might have given him relief—might have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket or keep them in your room. Take one after each heavy meal, and ward off indigestion.

Rexall Dyspepsia Tablets relieve stomach troubles by aiding nature to supply those elements, the absence of which in the gastric juices, causes indigestion and dyspepsia. They tend to aid the stomach to digest all kinds of food and to quickly convert it into rich red blood.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia. If they fail, we will refund your money.

Three sizes, 25 cents, 50 cents, and \$1.00. Sold only at our stores or by mail. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Johnson's Pharmacy, 222 7th St. S.
